

**Service information**

**Reference no.: GSC\_140101**

**Symptom**

Improved Body attachments due safety issue

**Cure**

Symptom:

Improved attachments due safety issue

CURE:

The body attachments for Lumea ranges are improved due safety issue.

The old versions were equipped with rounded edges while the improved attachments have straight edges

From 2013 onwards it's not allowed to use anymore body attachments with rounded edges

It concerns following codenumbers: 420303586860, 420303594301, 420303596681, 420303596691, 420303599801
