

**Service information**

**Reference no.:** SDA\_106455

**Symptom**

Coffee residuals between the vibrating plate and coffee beans container in GranBaristo.

**Cure**

**Headline:**

Coffee residuals between the vibrating plate and coffee beans container in GranBaristo.

**Symptom:**

Coffee beans do not fall into the grinder because the vibrating plate doesn't work properly.

**Cure:**

Vibrating plate has been improved by adding a molded seal (Image2)

**Action:**

Replace the old vibrating plate by the improved version:  
For GranBaristo 230V – up to SN TU901422080520  
For GranBaristo 120V – up to SN TU901423080628

**Code:**

The molded seal: 12NC 421944029771 BLK ADDITION.BEAN CONT.V2 CST ASSY. + SEAL (Image2).
