

**Service information**

**Reference no.: SDA\_85585**

**Symptom**

Original grey water container smells to plastic

**Cure**

**INFO:**

It was discovered that strange smells can originate from the grey colored Water Container supplied with the High End Senseo Viva Café model. It was decided to stop production of the grey Water Container immediately.

**CURE:**

In case of any odor or smell related complaint, exchange the (grey colored) Water Container

**REMARK:**

The original code has been redirected to the code of the blue colored Water Container.
