Service information

Reference no.: SDA_85605

Symptom

Incorrect 'no beans' -message in Xsmall

Cure

INFO:
The Xsmall line up to serial number TW901110131679 shows 'no beans' –message although there are beans in the coffee container.

CURE:
Re-program the machine with the new software version 01.07.02, that is available in the SSC (Saeco Service Senter), or replace the control board by the code 11022509.
