

Service information

Reference no.: SDA_92461

Symptom

Buttons (1-cup, 2-cup, On/Off button)

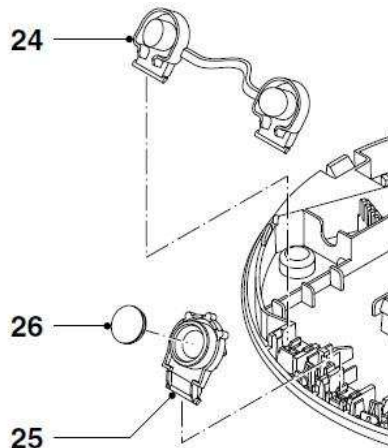

Cure

INFO:

Not all manuals for the Senseo2 family are being kept up to date, models that have been phased out will not be maintained. As a result not everybody is aware that the buttons for Senseo 2 family (apart from the models with orange button sets) are already available from the spare parts warehouses.

CURE:

All Senseo 2 models use the same set of buttons.

- 24: **422224739902** 1&2 cup button (grey)
- 25: **422224739913** On/Off light guide (transparent)
- 26: **422224739941** On/Off button cover (grey)
