

Service information

Reference no.: SDA_96095

Symptom

New software for descaling process in the Odea V2 with slim boiler from serial number TW901249599457

Cure

INFO:
Improve the process of descaling.

CURE:
Starting for new software V. 04.02.01 the new descaling process has been implemented: now the descale solution clean also the pin of boiler.
Upload always the new software available in SSC.
Attached the new descaling procedure for Odea Giro V2 and Odea GO V2: a copy has to be provided to the Consumer after this uploading.

Note:
When the machine is reprogrammed with new software, a descaling cycle must be done. The new software is going to reset all values and counters on the main board.
