- Second layer: Foam
- Third layer: Felt

## TECHNICAL INFORMATION

Product dimensions : 160 x 50 x 12 cm  
Board dimensions : 120 x 45 cm  
Weight of board : 8.8 kg

### Unique ShoulderWing System

With the unique ShoulderWing system, shirt ironing is easier than ever. This innovative system helps you iron shirts with little rearranging, saving you time and effort. The retractable ShoulderWing System can be opened and closed, depending on the type of garment to be ironed.

### Special cord holder

Use the cord holder to keep the cord or the steam hose out of the way. The cord holder pole elevates the cord so that it does not touch the garment while ironing, eliminating new creases on the already ironed parts.

### XL iron tray

The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

### Convenient hanging rail

No need to look for place around you to hang your freshly ironed shirts. You can hang garments directly after ironing to the convenient hanging rail

### Child and transport lock

Child and transport lock prevents accidental collapsing of the board while ironing and also keeps the board closed during storage.

### XL board shape

The Philips XL board shape is also ideal for ironing big items such as bed lines and table cloths.
